

GYSTECH 7000 competitive, space saving and light is designed for the automatic recharge or maintenance of 12V – 24V lead liquid or gel batteries.

12V	Charge	14 ▶ 130 Ah					SUPPLY 5A 12V DC	yes
	Maintenance	14 ▶ 230 Ah						
24V	Charge	14 ▶ 60 Ah						
	Maintenance	14 ▶ 120 Ah						

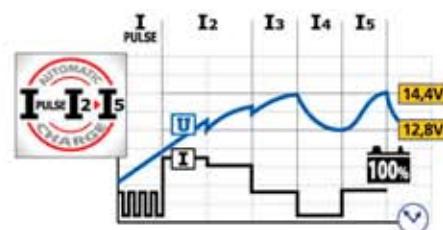

Ref. **024953**

- **Smart charger ensures 100% automatic charge without surveillance.**
Ideal for car, motor caravan, van, boat, lawn mower ...

• **4 functions:**

- Charge for 12V and 24V batteries.
- Maintenance/wintering.
- Battery recovery (for 12V batteries with ongoing sulfation).
- Power Supply 12V/ 5A: transforms your charger in a 12V power supplier.

ex. Battery 12V

• **Save the inboard electronic and is fully secured:**

Protection vs. shortcuts / polarities inversion / overload / anti-sparks system...

- **Protected against rain and humidity (IP65), the GYSTECH 7000 charges in all places** even the most humid as garden shelters, hangars...

- **Voltage automatic detection and activation of the last selected mode** at the battery connection.

- **Provided with 2 connecting sets** (clamps and cable terminals).

↳ its specific connection cable « cable terminals », to be fastened once and for all on the vehicle, enables a quick connection to the charger.
