

Traditional MMA (stick) welding machine for intensive use.

MASTER 250 - ref. 014930

MASTER 300 - ref. 014947

MASTER 350 - ref. 014954

(Power supply & accessories not included)

- 3-Phase power supply - 400V
- Easy to use: 1 potentiometer with 7 positions
- Ventilated
- Thermal protection

The MASTER 250 can weld electrodes from \varnothing 2.5 to 4 mm

The MASTER 300 can weld electrodes from \varnothing 3.2 to 5 mm

The MASTER 350 can weld electrodes from \varnothing 3.2 to 6 mm

Accessories (optional) :

Electrode holder

043862 : 300A - \varnothing 35mm² - 4m

043879 : 500A - \varnothing 50mm² - 4m

Earth clamp

043800 : 300A - \varnothing 25mm² - 4m

043817 : 400A - \varnothing 35mm² - 4m

043824 : 500A - \varnothing 50mm² - 4m
